## HEALTH SYSTEMS INTERNATIONAL NAMED ONE OF INDIANA'S FASTEST GROWING COMPANIES

*Ranking in at Number 9 on the Indianapolis Business Journal's Top 25 List*

Indianapolis, Indiana, June 23, 2009 - Health Systems International (HSI), a global provider of outsourced medical cost management solutions, has just received the spotlight in the Indianapolis Business Journal's Fastest Growing Indianapolis-Area Private Companies - coming in at number 9. [Click here](#) to view the full list of companies who were acknowledged in the IBJ's Top 25 list.

Russell W. Sherlock, Chief Executive Officer of HSI, said, "We are pleased with our company's progress and with HSI's exceptional team. Our company is uniquely positioned to become the leading provider of medical cost management solutions. We have strong management, blue chip customers, and a solid blueprint for growth. This foundation serves as an excellent platform for future acquisitions and organic growth initiatives even in our current economic environment. I share all of HSI staff's excitement about our IBJ ranking and look forward to continuing to work together as a team to build a market leading position."

In the past two year period, HSI has expanded its solutions and the markets it serves. Solutions include PPO Access / Repricing, Bill Negotiation, Bill Review, Bill Auditing, Care Management, Rx, and Ancillary Cost Control. The Company's solutions have been developed and customized to meet specific industry needs in the PPO, Maritime, Workers' Compensation, Property and Casualty, HMO, Health Insurance Carrier, TPA, Self-funded, Reinsurer, and International Health Payor Markets.

### About HSI

Headquartered in Indianapolis, Indiana, HSI is a leading provider of outsourced medical cost management solutions. HSI is backed by Great Point Partners, LLC, a private investment firm with over \$900 million of equity capital under management. Since 1987, HSI has utilized proprietary technology, experienced staff medical discount services to relieve clients' administrative burdens and achieve the lowest possible cost of medical care.
